SupplyChain2Map

- Mentor
 - Niklas Petersen
- Team members
 - Mirco Sprung
 - Omid Najaee Nezhad
 - Mohammad Ali Ghasemi
 - Sina Mahmoodi

Overview and Objectives

- Objectives
 - Demonstrating supply chains in a glance (making them easier accessible)
 - Analyze and optimize existing chains (given some metrics)
- System overview
 - JS Library, receiving data about a chain, graphically showing it on the map (OpenStreetMap)
 - Triplestore containing SC data based on an ontology, providing a SPARQL query endpoint

Scenario?
